I live in Adel and have resided here for 35yrs. In recent years there has been an increase in traffic and people brought about the building of houses in the local area. This has been absorbed by the community's schools, roadways, medical centre and local shop. To suggest building more houses without supplying the infrastructure to support it is absolutely ridiculous and unacceptable.

I am strongly OPPOSED to any plans that affect the community by building more houses particularly on greenfield site...which I am reliably informed has once been greenbelt and deliberately reassigned as greenfield. This is underhand and proves thought and consideration and has not gone into the affects more houses will bring to the area.

PLEAS NOTE MY OBJECTION TO ANY FURTHER BUILDING OF HOUSES IN ADEL.
