---

Dear Sirs,

### **Otley Site Allocations Plan**

1. Otley seems to have been given far too many houses for a natural increase in population.
2. Consideration should be given to the number of school places, doctors etc. before proceeding with the build.
3. Consideration should be given to employment within the town as commuting routes seem to be overloaded.
4. Brownfield sites should be developed before starting on greenfield sites.
5. Please retain the feel of Otley as a small market town.

Regards

Tony Bell
