---

Dear Sirs

I object most strongly to the proposed development. The A65 and surrounding roads are already jammed to capacity - particularly early morning and evening. As most households have two cars, it will make it even more of a problem. I live on Mawcroft Close and getting out on to Apperley Lane is a nightmare. I also have problems with people using the Close as a public car park...parking directly outside private houses, all day, whilst they go to work at Rawdon House. I have spoken to Cllr Latty but it seems that nothing can be done - how about a sign saying 'Residents Parking Only'?

The Doctor's lists are full. The schools are full. The roads are jam-packed, and it can only get worse if this proposal is agreed.

I strongly object.

Yours sincerely

R.J.Studart.
