RE: LEEDS SITE ALLOCATION PLANS – FORMAL OBJECTION
14/11/15

Dear Sir/Madam,

As part of the Leeds Site Allocation Plan public consultation process I would like to formally object to the proposed development of the following sites:

HG2-41

HD2 – 43

It is my understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to Green Belt. Leeds must continue to protect our Green Belt and greenfields. The fields and open spaces, which are being proposed for development, are important to me because they provide a healthy environment necessary for the development of my child. They also provide a fundamental habitat for local wildlife, moreover a place for people to walk their dogs.

These sites should continue to be part of Leeds “ Strategic Green Infrastructure” as identified in the Adopted Core Strategy.

It is my understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to infrastructure. Leeds has insufficient policies in place to address the issues that these developments will generate. Development and infrastructure requirements must be considered side by side.

Developments of these sites on greenfields will lead to nearby villages being engulfed within the “Main Urban Area” and they will no longer be separate “ Major Settlements” of their own. Reference, Adopted Core Strategy (Map 3, Settlement Hierarchy).

My concerns include increase traffic congestion along the sites previously mentioned and overcrowding of school facilities. I understand new schools have been planned, however, it has not been specified who will actually build the potential schools.

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend and speak.

Yours faithfully

Helen Finnerty
