Dear Michael

I assume the site you are referring is

A site assessment for the site can be found here

You will need to ensure that you enter the site reference for the specific site(s) you wish to comment on in Question 2.2 (for example. "HG2 - 3")

You may also complete the online Editable PDF form

The bottom end of Silverdale Drive according to most House Insurance Companies is regarded as a Flood Risk.

So will building more houses on the allotment site, which at the moment is a large area that soaks water up, cause flooding!!

If so is the Council going to be responsible for any property damage caused by flooding ie surface water etc. in the future.

Can you please reply to this email
