Dear Sir/Madam

I wish to object to the proposed development of the following greenbelt sites.

Hg2-12.  
Hg3-2  
Hg3-3  
Hg3-4

These are 4 developments on greenbelt sites, where the proposal is not consistent with the national planning policy framework.

In addition there is little justifiable evidence for the development of Hg2-12, and I strongly oppose the councils plans for all of these sites.

Yours faithfully,

Paul Maplesden.
