Dear Sirs

RE : Site HG2-10 (1221) Gill Lane

I wish to place my objection to your plans to build 155 houses on the A65/Gill Lane greenbelt fields.

I live at 12 Westfield Close Yeadon and this development will have a catastrophic impact on me and my family.

I believe that the full implications have not been taken into account.

We are at capacity now already in the local schools, doctors & dentists.

The additional traffic would be just adding to the standstill queues that exist now.

The traffic survey was recorded when traffic was at its lightest during the school half term holidays.

As a nature lover I am appalled at the possible removal of the habitat (mature trees with possible preservation orders) for wildlife such as owls woodpeckers and bats to name a few.

I trust you will listen to my plea and **STOP THIS DEVELOPMENT NOW !!!!**

We have lived here for twenty years and seen the area getting more and more congested. Enough is enough.

We don't want any more encroachments onto our greenbelt.

Yours sincerely

Mrs M Brown
