I am mailing in protest at the proposed developments on green field sites in Horsforth. I cannot believe that this is even a consideration. We do not have the infrastructure in Horsforth for this to even be a consideration. I have lived in Horsforth for 50 years and, although I appreciate things have changed everywhere, I find it is now beyond recognition. To shop now and park here is practically impossible at certain hours of the day and would dread to think what it would be like with more houses being built and possibly two cars per house. Apart from the traffic, it would put a great strain on schools and medical services which are already under pressure. To try and get a Doctors appointment is difficult enough at the moment. Horsforth is not big enough to build anymore houses here. I have friends who would seriously consider moving if this plan went ahead and, unfortunately, we are not in a financial position to consider this but it would seriously effect our way of life.
