We object in the strongest possible terms to the change of Green Belt status of Tetley Sports Field and Paddock.

It is an important green site within a Conservation Area. These sites are meant to be protected not to be sold off to the highest bidder.

The Neighbourhood Design Document highlights the importance of open space in the area.

The Council's previous assessments of the site concluded it was unsuitable for housing – How can this suddenly change?

The improvement to the Headingley Stadium has got nothing to do with this development.
