Dear Mr Council I do not want you to build on the Coach Road fields because for starters there is already traffic on the main road and we don't want more traffic jams. The fields are nice and people ride horses there. Hi school pupils walk to school on Coach road so you are destroying there rout.
Cyclists and dogwalkers go down coach road to get to the woods and the cycle path.
We have birds owls and bats in the trees so if you build on the fields you are destruying the natrel envirement.
