Subject: PDE01707_Yr ref HG2-50) Church Lane Paddock
Date: 13 November 2015 19:11:30

I understand that the council are wanting to build 25 dwellings on our church field and I wish to make an objection to this

Not only will this cause further traffic issues in an already highly congested road it will also spoil a extremely pleasant view for the older people who love nearby and who cannot get out regularly. This field has been there for a long time and is an integral part of Meanwood Surely the sloping field with its problem with the bog is not the best land for building. This land would have better use as community and not housing.

We are already having 54 apartments been built in Meanwood and there are other one off houses been built and you are planning on building on the Judges quarters so why would you wish to take away our church field

I trust that you will look at my request favourably and leave the paddock as it is now and leave this for the community

Regards

Karen Waddington
