13.11.15

Dear Sir

I write with reference to the developments listed above and would like to register my objection.

None of these proposals are justified and all will be ineffective.

This area is a conservation area with countless wildlife habitats - some are priority habitats in line with UK Biodiversity Action Plan.

Precious green belt, woodland, farmland and protected trees will all be lost FOREVER.

The A65 cannot tolerate any more traffic - its at breaking point already, and the access onto this road from these areas is totally unsuitable, especially from Knott Lane.

There are no spare school places.

Why have these areas been chosen - they are all unsuitable. Brownfield sites would be better suited and probably have better access.

This development is not in accordance with the NPPF, it is not legally compliant and it is not prepared on a comprehensive Green Belt Review.

I oppose all of the these developments vehemently.

Yours faithfully

Paul Kavazy
