Message : Comments on the City Plan. I am aware of the intended increased housing for Otley and would like it to be known that I consider that the inevitable increase in traffic through the town, without any improvement in its infrastructure, would be disastrous. The road / rail(non-existent) links to Harrogate / Leeds and Bradford are already massively overcrowded at commuting hours and traffic flows / jams in the town as a result of only one river crossing make the town grid locked much of the time. No further housing should be allocated to Otley without appropriate improvements in its roads and the reinstatement of a train link to both Harrogate and Leeds. Kind regards, Kirsty North-Wild
