**LEEDS SITE ALLOCATION PLANS - FORMAL OBJECTION**

Dear Sir/ Madam

I am writing to you to formally object to development of the following sites

HG2-12

HG2-41

HG2-42

HG3-2

HG-3

HG3-4

HG2-12

I am very disappointed that you are considering using Greenbelt land to build these houses and secondly that you propose to add yet more housing to an already incredibly congested Horsforth.

We are still to feel the effects of the two huge developments at Rodley (former Clariant works) and on Kirkstall Road (former Kirkstall Forge)

Surely there are enough brown field sites that could be built on before we need to plough up yet more fields. Could it be that the choice of Horsforth and adjoining areas is based purely on the relative increased Council Tax that could be collected. We do not want a sprawling mass of houses all the way from Kirkstall to Guisley. We need the patchwork of green spaces!

It is also my understanding that the proposed development sites are not consistent with the national policy, specifically with regard to Green Belt. Could you please confirm or deny?

I also believe that the proposed development sites are NOT consistent with the national policy, specifically with regard to infrastructure. I understand that Leeds has insufficient policies in place to address the issues that these developments will generate. Development and infrastructure requirements must be considered side by side. Please leave these greenfield sites out of the consideration – at least until you have considered all other options.

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend and speak.

Yours faithfully

Mary Johnston
