---

Dear Leeds City Council,

I as a resident am opposing your plans to build housing on the scale you propose in our area on the basis that your proposals and plans are unsound and flawed.

I do Not believe they are legal. Primarily you have not only opted by your own will to build far more than the Government demands therefore making it unjustified, but have done it by proposing to break the law and act illegally by proposing to build upon Greenbelt. This Greenbelt was designed specifically to Never be touched so it could act as the lungs of the city and you are disregarding its core purpose and its protection as laid down in the NPPF.

I do not believe your Plan is positively prepared as:

It has not been properly consulted on such as HG2-41. This area is also Greenbelt and illegal to build upon which makes it an illegal and immoral proposal in the first place. It is quite clear that you intend to bulldoze the community of Leeds' rights to Greenbelt around their city and fresh air breathed to their centre and urban areas by force of simply abusing your power as a City Hall.

It is quite clear that the school that is needed for any new residents children should be on the HG2-43 site which is already educational and eminently more suitable than any other.

Yours Sincerely,

Jonathan Tripp
