Please do not build on our strawberry fields and fields- HG2-41 (4240), HG2-43 (5009), HG2-42 (1016) and HG2-12 (4254).

Me and my mummy and daddy pick strawberries here every year and if you build houses here we won't be able to any more. Also we have seen lots of animals and birds and plants on these fields and if you build here they will die.

The government have made rules to look after the animals and plants and you are ignoring them. You have to follow the rules and you have to look after the animals.

Don't build here please.
