---

Dear Sir/Madam,

Please reconsider the housing development plans in the Aireborough district. This area gets very busy already with traffic and I am concerned that an increase in housing could make the congestion problems severe. The green areas are well used for the benefit of the population and I would not like to see these diminished.

I understand that the proposed development sites are not consistent with national green belt policy. I am also concerned that the infrastructure of this area could not support the demands associated with more housing.

Please keep me informed of the outcome of the review because I would like be able to respond.

Yours sincerely

John Leonard
