I am writing to oppose building on the proposed Green Belt sites in Rawdon. I own a business in Rawdon which has already been affected by building on green belt land (Rawdon Littlemoor school). My company lost its customer parking due to the nearby streets being a home zone and not to mention the accident I had with the contractors not leaving the surrounding area safe which made me trip over onto oncoming vehicles on the A65.

Rawdon is a beautiful area and a desirable one to live in because it is quiet and for the surrounding green areas. The A65 in Rawdon is an absolute mess of a road with the traffic jams and pot holes from excess traffic getting to and from Guiseley (which in itself has been ruined by too many houses). If you build more houses in this area it is just going to gridlock up and down the A65 meaning late deliveries for companies, staff being late for work and not to mention the safety of Children as people try and cut up and down trying to find short cuts to beat the traffic. As for the proposed Airport link road, I would suggest this is reviewed as it does not ease the traffic from the Horsforth Roundabout area so it is basically useless.

I do appreciate you need more houses but please build out from the towns where the road network is better and leave the Greenbelt alone

Kind Regards
