Dear Sir / Madam,

Ref: Church Lane Paddock, Meanwood, Leeds 6 (Ref: HG2-50)

I wish to object to Church Lane Paddock (Glebe Field) being included in the Leeds City Council's Site Allocation Plan.

I used to play in this field with my friends when I was a child and we would use sledges on the slope in winter when it snowed, so it holds fond memories for me. I enjoy a walk around the church yard when I come back to Meanwood for a visit and feel that houses or business buildings in the church field would spoil the experience for me.

I don't understand why the Council have to fill every available space with houses or buildings for businesses, soon there will be no green spaces left.

Kind regards,
