Dear Sir/Madam

I am particularly concerned about the proposed building on the sites below ;

HG2-41 Fields South of A65 Horsforth roundabout to the Crematorium

HG2-43 Fields at Horsforth College Campus

HG2-12 Fields at Woodlands Drive, Rawdon

HG3-2, HG3-3, HG3-4 Fields off A65, Rawdon

The proposal to include these GREEN BELT sites in the local plan is NOT consistent with the National policy, also to use GREEN BELT before Brownfield is simply not justified.

The proposal to use this Strategic Green Infrastructure goes against Leeds Core Strategy!!!!

I was lucky enough to be born in Horsforth in 1956 and have lived here most of my life, I am very proud of this area of Leeds and the thought of the further destruction of the remaining GREEN BELT that we have left for us to enjoy, be it for recreation purposes, or the feeling of open space and being close to the last remaining COUNTRY SIDEnot to mention the OVER STRETCHED infrastructure and lack of schools and amenities.

We have for a number of years struggled to get around by road at peak times in Horsforth. None more so than now with the sheer volume of traffic, even though a new traffic system has been put in place at the A65 Horsforth roundabout.

It has not alleviated the congestion in this area!!!

I believe there is no spare capacity for more housing, residents and vehicles.... be it cars buses or lorries in the Horsforth and surrounding areas.

This proposal is absolutely ludicrous!!!!

Yours Faithfully
