Hello I would like to formally object to plans to build houses on the above site a64/gill lane greenbelt fields.

Site hg2-10 (1221) gill lane

The area in which this site is proposed is already a grid locked road several times a day and schools, doctors and dentists are full to capacity.

The area is also greenbelt land and there is a lacking of green in the area as its already built up and a continuous urban sprawl.

Regards
