Dear Sir or Madam,

We are horrified that the Leeds City Council is proposing to extinguish more greenfield land in the Horsforth/Rawdon area for the sake of housing.

Does anyone in Leeds Planning actually live in Horsforth? Does anyone actually know how this area has changed over the last 30 years? (that's how long WE have lived here - Low lane)

Does anyone know what its like to be unable to sleep until about 12 midnight when traffic has diminished? Or have to wake up every morning to the sound and smell of hundreds of cars, trucks, buses and aircraft? Or be unable to park outside one's own house until all the office workers have gone home?

Or breath nothing but diesel fumes all day when working in the outside workshop (I tune and repair pianos)

Jon and Rachel Earnshaw
