Message : I would like to object to the planning application for housing on Upper Carr Lane Calverley LS28 5QE. Plan ref HG2-54 ref 1124. The parking situation is already very bad on Upper Carr Lane. There is often the case that larger vehicles cannot get through such as Fire Engines and Ambulances. A major disaster is just around the corner. The street is used as a rat run at rush hour periods and will not manage any further traffic unless the parking situation is resolved first. The Lane is dangerous to children due to the volume of parked cars and traffic. The Lane cannot take traffic from further housing with the present parking facilities.

Thanks
