Re: Leeds Site Allocation Plans - FORMAL OBJECTION

As part of the Leeds Site Allocation Plan public consultation process, we would like to formally object to the proposed development of the following sites:-

HG2-2
HG2-3
HG2-5
HG2-10

It is our understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to Green Belt. Leeds must continue to protect our Green Belt and greenfields.

The fields and open green spaces, which are being proposed for development, are important to us because they enhance the health and wellbeing of families, encourage exercise, and protect wildlife. These sites should remain a part of Leeds 'Strategic Green Infrastructure' as identified in the Adopted Core Strategy.

It is our understanding that the proposed development sites are NOT consistent with the national policy, specifically with regard to infrastructure. Leeds has insufficient policies in place to address the issues that these developments will generate. Development and infrastructure requirements must be considered side by side.

Development of these sites on greenfields will lead to nearby villages being engulfed within the 'Main Urban Area' and they will no longer be separate 'Major Settlements' of their own. Reference, Adopted Core Strategy (Map 3, Settlement Hierarchy).

Our concerns include the already present major congestion on main and

minor roads in the area, parking problems, oversubscribed schools and overstretched health provision. We should protect the uniqueness and character of each part of Aireborough, whilst they share a common community spirit.

Please keep us informed of the public examinations, submission of the plans and potential outcome of the review as we would like to retain our right to attend and speak.

Yours faithfully
Stephen Wright and Lorraine McLean
