I am writing in to object against the plan to build on the greenbelt site HG2-12, HG3-4, HG3-3 and HG3-41.

One reason is that it's not going to be affordable houses to the People that really need them. So why is it beneficial. Another reason is that myself and many others have all agreed that we have been put off and no longer plan to live in horsforth in the future because of these plans because the beauty and characteristics of horsforth and rawdon will be taken away and filled with un-affordable houses. Your plans to build on Greenbelt are completely against the law, Greenbelt it protected land for a reason and it is illegal to build on it. One of the sites I have listed has rare newts living on it, do you really want to destroy their home?
