Subject: PDE02399_Leeds Site Allocations Plan Site 3457 - Land off Weetwood Lane - Ref HG2-48 Weetwood Manor
Date: 16 November 2015 18:14:20

To whom it may concern,

I am writing in opposition to the projected site allocation plans in the Weetwood lane/Otley road area.

Having spent my childhood in this neighbourhood I feel it particularly necessary to inform you of the unique nature of the area. The aforementioned site not only is located in between an already thriving and clustered plot of housing, but it is also home to a vast berth of wildlife, both flora and fauna.

I would suggest furthermore that any alteration of this particular microcosm could severely impact the appeal of what is, at present, a charming and desirable part of far Headingley.

I sincerely hope that my opinion will be taken into account, and urge finally that you be sympathetic towards the local community.

Regards,

Joe Kamstra.
