Subject: PDE02435_Proposed Planning Application for Site HG2-10 (1221) Gill Lane
Date: 16 November 2015 17:03:28

Dear Sir/Madam,

I give rise to and strongly object to any planning applications concerning the above address/site. The site aforementioned is green belt land and runs directly adjacent to my property at Greenlea Road, Yeadon. I have lived at this property for over 15 years now and appreciate looking over my back garden fence to see pasture land with animals grazing and open fields. Needless to say the thought of dozens of houses built directly onto this tranquil green belt site is horrific and is something both myself and family would strongly object to.

Concerns are already heightened within the area about the possibility of losing such sites within the vicinity. Align with this the inevitable traffic congestion, noise, pollution and burden on local schools and services it really is a matter of grave concern.

Kind Regards

Miss A Southern
