**Subject:** PDE02449\_OBJECTION TO GREENBELT DEVELOPMENT.  
**Date:** 16 November 2015 17:00:25

---

HG2-41, HG2-43, HG2-12, HG3 - 2, HG3 - 3, HG3 - 4

Greenbelt land is an important part of the UK's landscape, it provides areas for animals and human recreation. Protecting greenbelt means protection of valuable flora and fauna, habitats and diminishing ecosystems. It provides cleaner air than the surrounding cities that have high concentrations of atmospheric pollution due to aerosols in particular PM2.5 and PM10. Stopping the development of urban sprawl is also important, too much of our valuable land is destroyed by anthropogenic developments and causes. I am an environmental Science student and firmly believe in this cause.
