Sirs

HG2-15 (3400) Green Acres

HG2 - 16 (1002) Creskeld Lane

HG2 - 17 (1080-3367A) Breary Lane Each

In relation to the above,

Bramhope residents already have difficulty with amenities such as schooling and doctors surgery, access to and down the Leeds/Otley Road. The increase in residents and traffic from these developments would be considerable.

The aspect of Bramhope is a village with green belt - this will all disappear, having a detrimental effect on the environment.

The sewage pipes in this area are Victorian - will all these extra dwellings put a massive strain on the underground infrastructure.

As a resident of over 40 years, I oppose the development.

Regards

Jane Sykes
