I am writing partially in support of the views expressed by me to the Horsforth Civic Society which I hope will have been submitted.

Specifically I object to the inclusion of site HG2 41 in the Site Allocations Plan as the site is green belt. Removing the site from the green belt is contrary to National Planning Policy Framework (NPPF) Section 9, paragraph 80 because including the site for development fails the 5 tests of green belt purpose. The inclusion of the site to achieve housing number target is not an exceptional circumstance as per paragraph 83 of NPPF. Based on this I do not think that the Plan is sound as it is not consistent with national policy.

I also consider that the development of areas HG1 65 and HG1 66 and HG2 37 contribute to will contribute to the urban sprawl along Brownberrie Lane which is already unduly congested.
