Subject: PDE02492_Weetwood tetley fields development
Date: 16 November 2015 16:53:48

Dear sirs

I want to raise my objection to any development on the above named site.

The area is next to a conservation area and indeed should even be part of that area. This land should be protected and for the sake of a small development which will not dent the housing need, other locations are clearly preferable.

Weetwood lane is already a busy and too fast a road and further development will make this worse and more hazardous.

Due to recent parking restrictions many cars now park on this road and traffic is becoming problematic and dangerous.

The development of tetley fields is not appropriate and damaging to an area that should be protected.

Yours sincerely

Geoff dalton
