HG2 - 15 (3400) Green Acres and Equestrian Centre
HG2 - 16 (1002) Creskeld Lane, Bramhope - land to the rear of no 45
HG2 - 17 (1080_3367A) Breary Lane East, Bramhope, LS16

I object to the planning proposals for the above site's because:-

- There would be an unacceptable loss of the green belt and green fields
- The detrimental effects on the local ecology, landscape and the conservation area.
- The lack of local infrastructure to cope with such an increase (our local school is already full, and doctors surgery can not cope)
- The A660 Otley Road would be unable to cope with the scale of the proposed developments.
- The disproportionate increase in a village which is currently classed as a small settlement. I moved here because of the small size of the village. If I wanted to live in a town then I would have moved to one!

Therefore please take these comments into consideration when reviewing these applications.

Regards

Claire Wardman
