Subject: PDE02642_Objection to Leeds site allocation plans
Date: 16 November 2015 16:19:41

Regarding the Leeds site allocation plans I wish to lodge a formal objection to the sites listed below:

HG2-41 (4240)

HG2-42 (1016)

HG2-43 (5009)

HG2-12 (4254)

As a local resident I object on the basis that proposals for development in these locations contravene the NPPF. These sites at present form an effective buffer to stop Leeds and Horsforth development merging into existing development in Rodley, Calverley, Rawden and Guiseley. If this were allowed to happen then we fear that these settlements would all be swallowed into the major urban area and lose their distinct character. My family is concerned that development on these sites would undermine the open nature of the Green Belt and be of detriment to the character of the local area. We would urge the Planning department and Council members to review opportunities to meet housing need on brownfield rather than Green Belt sites.

We also are concerned about the impact of additional traffic congestion on an already highly congested A65.

Please keep me informed of the public examinations, submission of the plans and potential outcome of the review as I would like to retain my right to attend and speak.

Kind regards
