Subject: PDE02829_HG2-10/site 1221
Date: 16 November 2015 15:14:02

I'm writing to convey my deep concern around the plans to build houses on the above site.

The aireborough area is in traffic gridlock every day. I understand a traffic survey was conducted during school holidays which is ridiculous and will have given a completely inaccurate measure.

More houses would only add to this problem and will ultimately devalue the area.

There are no spare school places or plans that I can see to address this. Along with public services such as doctors surgeries.

What's left of the green belt would disappear along the a65.

You need to push harder to get the house builders to invest in making brown field sites suitable for housing. This green belt building is the lazy and easy option and it is simply not acceptable.

This part of Leeds is an aspirational place to live for hard working families. Please don't spoil it!

Please make me aware of any future hearings on this matter.

Mrs O'Connor.
