Dear, Sir.

I am strongly objecting to LCC planning for the whole of Aireborough in particular the site named Wills Gill ref.3029 (HG2-2). The people of Guiseley have endured far too much development, to name Silver Cross, White Cross, Netherfield road, Springhead mill, Town Street, The old Dairy site on Queensway how much more, they are all brownfield sites surely this is more than our share without taking Greenbelt. The roads are virtually at breaking point with the congestion, the road between Guiseley and Yeadon named Queensway is an absolute nightmare at, There are not enough places in our schools for our children due to an influx from other areas, the Health Centres are a joke to see a Doc of your choice there's a wait of 3-4 wks.

Regards

ALAN STONES
