Subject: PDE02918_SITE HG2 - 12 (4254) - Woodlands Drive, Rawdon allocated for 130 houses
Date: 16 November 2015 14:33:05

Dear Sir/Madam,

I wish to object to the proposed development of the above Green Belt site which would be inconsistent with the National Planning Policy Framework and would have a significant adverse environmental impact.

The site adjoins and, in part, frames the Cragg Wood conservation area and the development of it would seriously detract from the unspoilt appearance of this special place. Protected trees would have to be felled and the habitat of many indigenous species of birds, animals and other creatures would be destroyed for ever.

Yours faithfully,

James R M Priestley MA LLM
