Subject: PDE02984_Holy Trinity Glebe Field - Church Lane - Meanwood
Date: 16 November 2015 13:54:34

Please accept this as an objection to the inclusion of **Holy Trinity Church paddock** (also known as the Glebe Field) on Church Lane, Meanwood - **for 25 houses** in the 'Leeds Site Allocation Plan'.

This area is a key green area in the Meanwood neighbourhood. The decision to put a further 25 houses on this area would have shocking implications for the local traffic infrastructure. The area around Church Lane and Green Road is already very busy and would lead to further traffic attempting to use the junction at the top of Green road opposite Alfred's is already a high risk unction.

We currently and for the foreseeable future have issues with the ability to supply school places in the area and this would add to this.

I urge you not to include this in the allocation plan.

Yours sincerely
