RE: Public Consultation Feedback - for Leeds Site Allocation Plans

To whom it may concern:

I wish to raise objections to the following sites, listed within your Leeds Site Allocation Plans: and ask that they should be removed from the selection process:

Proposed Sites that I wish to protect include:

1060A//1060B//1073A//1114//1110//1117//1183//4050//4097//3379//3403//3412//3440//4049//4044//4045//4046//4047//4048//1184//1192//1193A//1193B//1195//1201//1213//1253//1322//1328//2120//2121//3039//3040//3041//3048//3050//3124//3377A//3377B

My grounds for opposition include the following considerations from the National Planning Policy Framework:

1. Housing targets are not an exceptional circumstance needed for destruction of green belt.
2. There is a major lack road development and infrastructure in the areas in which they are located. Roads around Pudsey are gridlocked at many times of the day already, inadequate parking and junctions that are unable to cope with the already overloaded amount of traffic.
3. Leeds City Council's housing targets should be met by brownfield site developments.
4. The green belt needs to provide habitats for wildlife and protect them from isolation.
5. The above green belt provides us with a method to access and enjoy the countryside.
6. If required, the housing target should be capped in line with the need to protect green belt sites.
7. Large proposed green belt sites do not justify proposed development, in advance of brownfield.
8. The above green belts provide separation between the communities which they divide.
9. The above sites provide me with unique landscapes and views which I do not want to lose.
10. There has been inadequate co-ordination with local councils to share housing targets.
11. There has been inadequate pressure on developers to build on existing brownfield sites.
12. Services, Doctors, Dentists and Schools are already under pressure and there has been inadequate investment in these areas and the numbers will only get worse as more people try to use the already limited numbers.
13. Some of these sites are used as agriculture at present and taken them for housing whilst there are still lots of brownfield sites is wrong. People are using these sites as their livelihood which you are wishing to take away as its an easy result.

Please keep me informed of the outcome and process for de-selecting the green belt sites, in line with my wishes, shown above.

Yours faithfully,

Chris Johnson

With over 57,000 homes and a 100-year history, Affinity Sutton is one of the largest providers of affordable housing in England. As a business for social purpose we're committed to helping people put down roots.
