Dear Joy

Thank you for the copy of your letter about the consultation process that the Council is undertaking about its Site Allocation Plan.

As you will be aware, the Council will have to present its SAP proposals to a Government Planning Inspector. He/she will conduct a Public Inquiry to consider whether the Council has fulfilled its obligations under the Government's planning legislation and regulations. You may wish to make a submission at that time. I understand that the Inspector will consider comments regarding the consultation process.

Best regards

Councillor Paul Truswell
