We wish to voice our objections to the above planning application.

with the following reasons:

Conservation grounds

Merging of communities

Health services, doctors, dentists, already to full capacity

Schools, already to full capacity.

Traffic problems, roads always bumper to bumper no matter what time of day.

“..... simply unfit for the volume of traffic now using it, whether on weekdays or at weekends, and any further increase in capacity will see further reductions in traffic flow speeds, higher levels of congestion and a continuation of the practice of trying to make more rapid progress by “rat running” onto even less suitable roads through residential areas.”

30 Mawcroft close,

Leeds
