Dear Sirs

Re : Objection to proposed planning Aireborough - Gill Lane/A65 HG2-10/HG1-1D (1221), Coach Road HG2-5 (1180A, 1311A, 2163A), Shaw Lane/Banksfield HG2-3 (1255B) and Wills Gill HG2-2 (3029)

I am worried about any new houses being built as the traffic around my school (Yeadon Westfield Junior School) is already really, really bad and if more families move into the area, it will be even worse and walking to school will be really dangerous.

I am hoping to start Guiseley High School next year and I will have to cross the A65 and other busy roads along the way. This worries me, my friends and my mum.

I would also not like you to agree houses can be built here because all the building work will cause animals to be very frightened and nervous. They could be hurt by the traffic and the building work could damage their homes and environment. My nanna lives near the Wills Gill site and we often walk across the pretty fields that could be built on in your plans. These outings have been lots of fun and we have learnt lots about the local area and wildlife. Building houses here, would ruin this not only for us but for lots of other local people and make my nannas lane (Carlton Lane) even busier and more dangerous than it is now.

Thank you for reading my thoughts and feelings on these plans.

Regards
