---

Following my first email I am now attaching my formal response to site HG-173 which is attached.

Kind regards

**Subject:** Comments on Site Allocations - Carl Gledhill Email 1 of 2

Dear sir/Madam

As a resident of Rothwell I need to comment on the current site allocations.

I am having to send TWO emails and this is email 1 of 2.

As a member of the Rothwell Neighbourhood Forum I am attaching copies of their formal response and plans showing alternative sites. I can confirm that I am 100% supportive of the position of the forum and their attached papers and wish for my support at their objections and alternative sites be counted as an additional response.

In a personal capacity I wish to comment on site HG2-173 and will do this on email 2 of 2 which will follow shortly.

I wish to be kept up to date on the process and wish for my comments to be passed to the Planning Inspector and to be given the opportunity to present evidence when their is an enquiry.

Please acknowledge safe receipt of this email
