Dear Officers,

Please find attached an amended version of the earlier document submitted by the three ward councillors for Calverley and Farsley. Please note the following site has been added to the document. All other information remains the same.

<u>SAFEGUARDED LAND</u>						
-	HG3-15	1114	Kirklees Knoll – land at Bagley Lane, Farsley	18 ha.	415	PAS land
We note that Kirklees Knoll, off Calverley Lane, Farsley and Bagley Lane, is proposed as protected land for the duration of the plan period. Whilst this is welcome, we believe that the land should be returned to the greenbelt. It has been recognised by previous Planning Inspectors as a strategic piece of land in terms of its proximity to the Leeds/Bradford barrier. It is highly visible, good quality agricultural grazing land.						

Councillor Andrew Carter CBE
Calverley & Farsley
