## Part 3 - Is the Plan sound?

At this stage, before the Plan is sent to the Secretary of State for Public Examination, we are asking for your views about the 'soundness' of the plan. An independent Inspector will examine the plan against the 'tests of soundness' (Please read the guidance notes on how to complete this section)

### 3.1. Do you consider the plan to be sound?

- Yes (go to Q3.3)     No (go to Q3.2)

### 3.2. Which test of soundness are your comments about? (You must select at least one option)

- Positively Prepared     Effective  
 Justified     Consistency with National Policy

### 3.3. Please set out why you think the Plan is ~~sound~~ / unsound? Your comments should briefly cover all the evidence and supporting information necessary to support or justify your view. It helps us if you can use subheadings to deal with specific issues. Please continue on a separate sheet if you need to. There may not be another opportunity to make further comments before the plan is sent to examination.

See attached sheet

### 3.4. Please set out what change(s) you consider necessary to make the Plan sound.

You will need to say why this change will make the Plan. It helps us if you can be precise as possible and providing any suggested revised wording. Please continue on a separate sheet if you need to.

Site Reference HG2-5 Site Address: Coach Road /Park Road,Guiseley

3.3. Please set out why you think the Plan is ~~sound~~ / unsound?

#### Ecology/Landscape/Tree(s)

This site is within the Guiseley Conservation Area, which is being destroyed.  
A green habitat to many species, the wild life flora and fauna needs to be protected.  
Several rights of way should be protected for future generations.

#### Loss of Greenbelt

There has been too much loss of Greenbelt land in this area already due to overdevelopment.  
Urban sprawl is removing the last place of green belt in Guiseley

#### Local Services / Facilities

Local services are already stretched beyond capacity without further development.  
Insufficient local employment facilities

#### Highways / Transport

The existing infrastructure is already totally inadequate to cope with additional traffic.  
Park Road and the A65 are the most congested roads in Guiseley. Both gridlocked at various times of the day.  
Exit on to Park Road from both Coach Road and Silverdale Avenue is dangerous due to road network

Bus services are inadequate, and are unreliable due to gridlocked roads.  
The trains are overcrowded at peak times.

#### Schools

This area is not suitable for a school due to the dangerous access from and exit to Park Road.  
Waiting parked vehicles would also be problematic.
