

PDH00049

8 Salisbury Street
RAWDON, LS19 6BE

Dear Sirs,

I would strongly protest about the proposed new building sites. Notably Site HG 2-10 and Site HG 2-41 Strawberry Picking Field.

I just feel any more houses leading on to the main Leeds road is too much. Bearing in mind we have the site at Kirkstall Forge and the site at the Mills on greenacre, Rawdon which I understand is waiting soon. Enough is enough. There are surely some houses on estates or areas of Leeds that could be made good instead of forever building new ones. Or more industrial sites like the mill in Hunslet that looks to be falling down. Instead of building more office blocks in Leeds, put up some more flats. Why must we always be nibbling away at green belt land.

We already have a phenomenal number of houses built in Garsely etc and still building. Please leave

was a bit of green space somewhere.

Yours faithfully
