15<sup>th</sup> October 2015

Dear Sirs,

Site HG2 - 15 (3400)  
Site HG2 - 16 (1002)  
Site HG2 - 17 (1080 & 3367A)

I would like to register my objection to the plan to build 441 houses in Bramhope against your reference as above. This can only mean a significant increase in the number of vehicles travelling along the A660 through Bramhope.

Many people, myself included, commute to work along the A660. This main route into and out of Leeds is already full of traffic. To build 441 additional houses so near to the road, without the necessary services, will inevitably increase the traffic along this very busy road.

The proposed houses will be built on green belt land and unless residents have services such as schools built on the green belt they will have to commute to those services along the A660. This will include children being taken to and from distant schools.

This site in Bramhope is not suitable for the number of dwellings proposed and will irretrievably change the character of Bramhope at the same time as increasing the chaos along the A660.

Because of the reasons stated I would ask that you reject this application.

Yours faithfully,

Amanda Wilson.
