Sir

Future Housing Development

I moved to Horsforth in 1969 because I wanted my children to grow up in an area surrounded by green fields and open spaces.

In recent years I have seen Horsforth and the area around grow considerably and your present plans make it even worse.

You have, and are doing, - allowing the whole character of this area, and to be honest it is not on.

Your plans for buildings on Site HG2-41 and HG2-12, HG3-2 and HG3-3 would definitely merge Horsforth's Randor into one large town, which is unthinkable and I'm not sure you really have a right to build on these

areas which are 'Green Belt'.

If you go ahead with these ridiculous plans, in total opposition to what the local people think, you are violating the rules of the Green Belt Policy; whereby you are creating unrestricted large built-up areas, merging two large Villages, which will most certainly lose their character, and most of all taking away open spaces & green fields and woodlands, which is what the 'Green Belt' is all about. Shame on you!

Moresforth is a large Car Park anyway now and in spite of your alterations of the roads etc, these plans will make this problem ten times worse.

You have lost us the character of Moresforth and Rawdon as Villages.
