RE - SITE HG2-10/Site 1221  
AB5/GILL LANE FIELDS

Sirs,

I wish to appeal to you not to build on the above Site.

Following reasons.

D: The fields have abundant wild life, Mature and rare English trees. It is historic Pasture land and gives pleasure to see the cows & horses grazing, and occasionally sheep. Pastoral land is a rarity in the urban sprawl.

(2)

2): Doctors surgeries, schools, and Dentists are full and no hope of getting places.

3): Traffic is often nose to tail or at a standstill on the A65, especially at weekends and people without cars find that buses are also a 'rarity' with a very poor service between Rawdon and Guiseley.

Please reconsider your plans to develop these fields, for the sake of future generations and give them hope in their lives.

Yours sincerely,

(Elsie Reeve,  
Age, 85 (I hope you can read my writing))
