Dear Sirs,

I believe these proposals to be contrary to National Policy and accordingly I wish to register my objection.

We would be deprived of the enjoyment of areas of recreation and appreciation of wild life which are so important to me and my family, and to the future generation. Once gone these fields will not be returned to the community and children will be the poorer for it. The appreciation of green open spaces is a necessary adjunct to domestic dwellings.

Apart from the loss of amenities there is the question of overloading our roads , schools, medical services. I do not see budget provisions for these projects ,how will they be funded?

Yours Faithfully

^

S.A.Moore.
