7 Weetwood Court

Sunday 25.10.15.

Dear Sir/Madam,

SAP Consultation: Weetwood Green - HG2-48(9457)

Green spaces are essential to city living. They are vital habitats for flora and fauna. The site lacks access and traffic would be detrimental to usability in the Court. It would damage the character of the area. There are no reported housing in this area.

If it did not go ahead it would not effect the soundness of the city wide plan.

I strongly object to this plan.

Yours faithfully

MRS. B.G. HAIG.
